

LOW VOLTAGE POWER CAPACITORS

Intended for power factor correction and harmonics filtering
MKP dry technology, gas filled
Self healing, overpressure disconnecter
Voltage: 230-1000 V AC
Frequency: 50/60 Hz
Power: up to 100 kvar

MEDIUM VOLTAGE

Intended for power factor correction and harmonics filtering
All-film technology, environment friendly impregnation oil
Outdoor installation
Voltage: up to 24 kV AC
Frequency: 50/60 Hz
Power: up to 1000 kvar
